

GOOD NEIGHBOURS STORY BOARD

Mrs J is almost blind and hard of hearing – our volunteers visit regularly to read to her, helping her to deal with her post and keep up to date with local news.

Arranging dog walking was a great relief for Mr K as he was unable to do this task while recovering from a heart operation.

A lady with deteriorating eyesight has been told by her Doctor that she can no longer drive her car – Mrs L, a widow, is so pleased that our volunteers can accompany her to appointments.

Mrs S is 95 years old, not very mobile and so can't get out much; she really appreciates a volunteer calling round regularly for a cup of tea and a chat.
